Dear Mr National Prosecutor, Jorge Abbott Charme

Psychology student Gustavo Gatica was at a protest in the capital, Santiago, when police shot ammunition into the crowd in ways they shouldn't have. Gustavo was struck in both eyes and was blinded. Commanders in charge didn't stop these officers. They let this violence continue unchecked for weeks.

I call on you to investigate all those responsible for Gustavo's shooting, especially commanders. They had a duty to avoid the misuse of force, but failed to fulfil it. Gustavo must live with the consequences of their failure forever. He deserves justice, truth and reparation.

Yours sincerely
